SUMMARY: NOAA is soliciting nominations for Indigenous, Tribal, Native American, Alaska Native, or Native Hawaiian stakeholders from the Alaska or Pacific Ocean basin regions to join the Ocean Exploration Advisory Board (OEAB). The purpose of the OEAB is to advise the NOAA Administrator on matters pertaining to ocean exploration including 1) priority areas for survey and discovery; 2) development of a five-year strategic plan for the fields of ocean, marine, and Great Lake science, 3) exploration and discovery; and, 4) the annual review of the NOAA Ocean Exploration Competitive Grants Program process.

DATES: The closing date for soliciting members for the notice published on August 19, 2022 at 87 FR 51061 has been extended to November 18, 2022. Nominations should be sent to the email address specified below and must be received by November 18, 2022.

ADDRESSES: Applications should be submitted via email to
Joanne Flanders: joanne.flanders@noaa.gov.

FOR FURTHER INFORMATION CONTACT: David Turner, Ocean Exploration Advisory Board, Designated Federal Officer: (859) 327-9661; *david.turner@noaa.gov*.

SUPPLEMENTARY INFORMATION: The OEAB functions as an advisory board in accordance with the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. app., with the exception of section 14. It reports to the NOAA Administrator, as directed by 33 U.S.C. 3405 and is provided staffing and other support by the NOAA Office of Ocean Exploration and Research.

At this time, NOAA is soliciting applications to fill up to two vacancies on the OEAB from individuals demonstrating expertise and experience in areas that include scientific research relevant to ocean exploration, ocean engineering, data science, deep ocean biology, geology, oceanography, marine archaeology, or ocean-science education and communication. NOAA will give particular consideration to applications from Indigenous, Tribal, Native American, Alaska Native, or Native Hawaiian stakeholders from the Alaska or Pacific Ocean basin regions, as such stakeholders' input will be valuable in generating advice specific to those regions and stakeholders. Individuals with expertise in other NOAA ocean exploration areas are also welcome to apply, as well as representatives of other federal agencies involved in ocean exploration. The OEAB members will serve a three-year term with the possibility

of one renewal for an additional three-year term. The Board meets two to three times a year.

Composition and Points of View: The OEAB consists of approximately 10 members, including a chair and co-chair(s), designated by the NOAA Administrator in accordance with FACA requirements and the terms of the approved OEAB [Charter](#) and [Balance Plan](#). OEAB members represent government agencies, the private sector, academic institutions, not-for-profit, and other institutions involved in all facets of ocean exploration – from advanced technology to citizen exploration. As a Federal Advisory Committee, OEAB membership is required to be balanced in terms of viewpoints represented and the functions to be performed as well as including the interest of geographic regions of the country and the diverse sectors of our society.

The OEAB was established: To advise the NOAA Administrator on priority areas for survey and discovery; assist the program in the development of a five-year strategic plan for the fields of ocean, marine, and Great Lakes science, exploration, and discovery; annually review the quality and effectiveness of the proposal review process established under section 12003(a)(4); and provide other assistance and advice as requested by the Administrator. In addition to advising NOAA leadership, NOAA expects the OEAB to help to define and develop a

national program of ocean exploration – a network of U.S. stakeholders and partnerships advancing national priorities for ocean exploration.

OEAB members are appointed as Special Government Employees (SGEs) and will be subject to the ethical standards applicable to SGEs. Members are reimbursed for actual and reasonable expenses incurred in performing such duties, including travel costs, but will not be reimbursed for their time. All OEAB members serve at the discretion of the NOAA Administrator.

Although the OEAB reports directly to the NOAA Administrator, it is provided staffing and other support from the NOAA Office of Ocean Exploration and Research which is part of the Office of Oceanic and Atmospheric Research (OAR). NOAA Ocean Exploration and Research is the only U.S. federal organization dedicated to exploring the deep ocean and the program:

- Explores the ocean to make discoveries of scientific, economic, and cultural value, with priority given to the U.S. Exclusive Economic Zone and Extended Continental Shelf;
- Promotes technological innovation to advance ocean exploration;
- Provides public access to data and information;

- Encourages the next generation of ocean explorers, scientists, and engineers; and
- Expands the national ocean exploration program through partnerships.
